## The Governors Centre

Project update

September 2019

### Working together

The Governors Centre project is jointly funded by the Sydney Boys High and Sydney Girls High school communities. School Infrastructure NSW is managing the governance and delivery of the project.

School Infrastructure NSW is delivering 190 new and upgraded schools for New South Wales. Bringing this experience to the Governors Centre project will help ensure value for money and high quality facilities for these school communities.

### The Governors Centre

This exciting project will deliver a new performance and examination centre for Sydney Girls and Sydney Boys High Schools.

This project will deliver a modern three storey building incorporating:

- a theatre/auditorium for approximately 400 people
- an adaptable multi-purpose examination hall to seat 210 students
- external works and landscaping linking the two schools.

### Progress summary

School Infrastructure NSW has been working closely with school stakeholders through the design of The Governors Centre.

Construction tenders have been assessed and the contract has been awarded to Stephen Edwards Constructions.

### Next steps

Construction works for The Governors Centre are expected to begin in the coming months.

SINSW will work with the school and the contractor to ensure that the safety of students, staff and the community remains of paramount importance.

### Keeping you updated

We will host community information sessions in the coming months to give you the opportunity to meet the project team and ask questions. These will be advertised in project updates and on our website.
